

Correct Letter Formation

Please remember the letters t and f are $\frac{3}{4}$ height letters. (Please note our computer joined font does not reflect this.)

a b c d e f g h i j k l m n o p q r s t u v w
x y z

The letters identified below join following other letters but do not join to the letter that comes after it e.g. the letter b - big tabby

b g j p q s x y z

(All descenders except f, letters that finish on the left and z.)

Tricky words are taught using joined handwriting (following the rules for letters that don't join after).
