

Term

Fox Class

We have had a brilliant first term at school! We are settling into school life really well and have made some new friends. School routines have been learned and the 'Happy School Plan' shared. Lunch time procedures all in place and everyone knows what to do. We have been learning about recognising numbers, learning how to count accurately and knowing that we can count things we hear, feel and count things that move. (Not just things we can see.) We are working through learning about letters and the sounds they make. Let us show you the sounds we know using our pack of sound cards found in our book bags. Some of our parents came to visit us in class to join us for some phonic activities in 'Stay and Phonics', shared stories with us for 'Book Week' and 'Stay and Read'. We liked being able to show parents activities we enjoy doing at 'Learning Activity Time' at the 'Stay and Play' sessions.

Now that we have begun learning some letter names and sounds, some of us are beginning to be writers and are having a go at writing some of them on our own! We love listening to all of the songs and rhymes that help us to remember the actions. We cannot wait to find out which letters we will be learning next!

We were very brave standing up in the hall to sing our Harvest song in front of such a huge audience at the Harvest Festival. We hope you enjoyed it. Our teachers were so proud of us. It has been a super busy term during and we are all ready for a short break so we can come back after Half Term rested and ready for more learning in Term 2.
