Available in large print on request

### Coffee Morning

Thank you to everyone who attended the coffee morning last Friday. It was a great opportunity to hear your views about the transition into school and have the opportunity to share any comments or question.

We really appreciate the positive feedback and your comments and suggestions.

I like the stay and play, think it's nice to see what is happening in the classroom"

My child enjoys school, she likes writing and her reading. She has made new friends

My child loves school and is always excited to come. He is enjoying reading and writing and loves seeing his friends.

"My child is happy at school"

### Discussion Themes

- **The home visit was beneficial to my child**

The general feedback was that home visits were really beneficial to both parents and children. Comments included the children being more confident coming in on their first day after meeting the teacher and TA on a one to one. Parents liked meeting the teacher.

- **I know how to support my child at home with their learning**

Some of you would like help with supporting your children at home especially with phonics. Teachers will be holding workshops for parents in Term 2 and will also give out some information at parents evening next week. Later in the year our Home School Partner, Mrs B Woodward, will hold reading and maths workshops. Look out for dates in the newsletter. We are always happy to host any workshops or information evening parents feel they need so please suggest any you thing would help.

- **I know what my child does at school**

Lots of you asked about what your children do during the day. I can assure you they do lots! We will explore some ideas such as a notice board outside, a poster in the window with the phonemes being taught and the topic for the term on the notice board by Class 6. There will also be information on the website and "How to Help" ideas. Hopefully you will have received some feedback and had the chance to see some of their learning this week at parents evening. Parents commented that the "Stay and Play" opportunities were a good way of seeing the children in the classroom, these will continue termly throughout the year.

- **My child is happy at school**

The general consensus is that your children are happy and enjoying school life and look forward to coming.

### Important Dates
